**Question from *Seasons of Change* Chapter 4**

***Warning: There may be spoilers in the question!***

On page 29, Heather talks about Christians voicing their opinions about healing.

What do you think about what she says? Do you think God does miraculous healings today? Do you think lack of healing says something about the person who isn't healed?

What does the Bible say? Don't just look for verses that support your opinion. Remember to read the verses in context. Some verses that seem to be about healing might actually be about something else (like prayer).

*Suggestions for finding answers in the Bible:*

There are almost 200 verses in the NIV that use "heal" in various forms. Print up a copy of the scripture chart to help keep track of the verses you look at. I have created a healing study guide to help you get started.

Before you can have an educated opinion on healing, you will need to study *all* the verses on healing! Until then, be very cautious about expressing your opinion with certainty.
